## The perfect to-go toy for a little girl: Penelope Peapod

This is an adorable on-the-go doll for a little girl.

The [Penelope Peapod](#) is small baby doll. She fits into its cradle that turns into a purse, which can be carried all over with ease. Her cradle comes with some cute little goodies (think mini-blanket) to amuse a little girl for hours as this is her "baby."

You can buy a Penelope Peapod complete with cradle set from [FAO Schwartz](#) for **\$40**. It's a recommended toy for ages 3-9 years old, and you can have it gift wrapped on the FAO website for an additional \$6.
